

Pool Lane Line Policy

Effective June 18, 2026, the lap lane line will be installed Monday through Friday and available for lap swimming during normal pool operating hours.

The lane line will be removed on weekends and recognized holidays to maximize open swim space during peak recreational use periods.

The Board reserves the right to modify this policy as needed based on pool usage patterns, resident feedback, swim team activities, maintenance requirements, or other operational considerations.

This policy supersedes any prior informal practices regarding the installation or removal of the pool lane line.
